A SEFP™ polymer parts kit for long-lasting maintenance of your Hi-Capa magazines.

The **ARCTURUS RS® Hi-Capa SEFP™ magazine parts kit** is made of **SEFP™ (Super Enhanced Formulated Polymer)** for excellent wear resistance. Compatible with **ARCTURUS Tactical Vanguard Hi-Capa magazines** , it allows you to replace original components and maintain the reliability of the **gas blowback system** .

- **Type:** Magazine Parts Set
- **Brand: ARCTURUS**
- **Range:** RS® SEFP™
- **Material:** SEFP™ Super Enhanced Formulated Polymer
- **Compatibility: ARCTURUS Tactical Vanguard Hi-Capa** Magazines
- **Function:** Replacement of the charger's polymer components
- **Use:** Maintenance, repair and restoration

A complete charger maintenance kit

The **ARCTURUS RS® Hi-Capa SEFP™ magazine parts kit** includes the main polymer components needed to maintain **Tactical Vanguard Hi-Capa magazines** . It allows you to replace worn parts to ensure the magazine functions properly over time.

The SEFP™ polymer for improved durability

The various parts are made of **SEFP™ (Super Enhanced Formulated Polymer)** , a material developed by **ARCTURUS** to offer excellent resistance to mechanical stress, wear, and impacts. This formulation helps maintain component performance under intensive use.

Simplified maintenance

Replacing the most stressed components of the charger restores reliable operation without replacing the entire charger. This kit provides a practical solution for preventative maintenance or the repair of a heavily used charger.

Compatible with Tactical Vanguard magazines

Developed specifically for **ARCTURUS Tactical Vanguard Hi-Capa magazines** , this **Magazine Parts Set** complies with the manufacturer's specifications to ensure optimal compatibility with the models concerned.

Ideal for extending the charger's lifespan

Maintaining a charger in perfect working order requires regularly replacing worn parts. This kit allows you to perform these maintenance operations while preserving the original performance and reliability of the **Hi-Capa** platform.

FAQ

Which chargers is this kit compatible with?

It is compatible with ARCTURUS Tactical Vanguard Hi-Capa magazines.

What is the benefit of the SEFP™ polymer?

SEFP™ (Super Enhanced Formulated Polymer) offers excellent resistance to wear and mechanical stress, which improves the durability of the charger components.

What is the purpose of a Magazine Parts Set?

It allows the worn polymer parts of the charger to be replaced in order to restore its operation and extend its lifespan.
