An external threaded barrel assembly available in 4.3" and 5" versions for the Hi-Capa Tactical Vanguard.

The **ARCTURUS Hi-Capa 4.3"/5" outer barrel** combines a **CNC-machined aluminum barrel** with a **die-cast zamac chamber** for durability and accuracy. Compatible with the **ARCTURUS Tactical Vanguard 4.3" and 5"**, it features an **11mm positive thread** with a **14mm negative adapter** for mounting compatible accessories.

- **Type:** Outer Barrel Set
- **Brand:** ARCTURUS
- **Compatibility:** ARCTURUS Tactical Vanguard 4.3" and 5"
- **Available versions:** 4.3 inches or 5 inches
- **Outer barrel:** CNC machined aluminum
- **Chamber:** Die-cast Zamac (Zinc Die-Casting)
- **Thread:** 11 mm positive
- **Adapter supplied:** 14 mm negative
- **Use:** Replacement, maintenance or customization

An original part for the Hi-Capa Tactical Vanguard

The **ARCTURUS Hi-Capa Outer Barrel Set** is available in two lengths, **4.3"** and **5"**, to accommodate different versions of the **Tactical Vanguard** platform. It directly replaces the original outer barrel while maintaining the manufacturer's specifications.

CNC machined aluminum outer barrel

The outer barrel is made of **CNC-machined aluminum** , guaranteeing excellent dimensional accuracy and a high-quality finish. This construction ensures good rigidity while limiting the overall weight, thus promoting smooth operation of the **gas blowback** action.

Die-cast zamac chamber

The chamber is made using **zinc die-casting** , a process that offers excellent robustness and high assembly precision. It contributes to the support of the outer barrel and the overall reliability during firing cycles.

Thread compatible with airsoft accessories

Each version features an **11mm positive thread** and comes with a **14mm negative adapter** . This configuration allows for the mounting of numerous compatible accessories such as a tracer or a dummy sound moderator conforming to the 14mm CCW standard.

Two lengths to meet your needs

Available in **4.3"** and **5"** , this kit allows you to replace an original part or restore a platform while maintaining compatibility with **ARCTURUS Tactical Vanguard** models. Its precision machining facilitates assembly and ensures a fit that meets the manufacturer's specifications.

FAQ

Which versions are available?

This set is available in two lengths: 4.3 inches and 5 inches, each suited to the corresponding Tactical Vanguard replica.

What accessories can be mounted on the cannon?

The 11mm positive thread combined with the 14mm negative adapter allows for the mounting of compatible airsoft accessories, such as a tracer or a dummy sound moderator.

Is this outer barrel compatible with Tokyo Marui parts?

The manufacturer's stated compatibility applies to the ARCTURUS Tactical Vanguard 4.3-inch and 5-inch platforms. No Tokyo Marui compatibility is specified for this set.
