Replica of the weapon designed by John Moses Browning in the 1880s, here in its "Sporting" version, with octagonal PMG quality cannon, stock and front in selected American walnut, forged steel case machined on CNC machines, and perforated tapped for mounting a side eyecup. The aiming instruments consist of a handlebar with a blade and a crocodile slider.

- 26-inch barrel with 6 scratches in 460 mm pitch.

Due to the genius of John Moses Browning, and known for its robustness, this model was the first repetitive weapon to use the high-power cartridges that appeared during the 1880s.

- 26 inch barrel. Designed for shooting and hunting big game.
