A precise and penetrating 18g bullet for big game hunting in 28 gauge.

The **Mary Arm 18g Brenneke cartridge in 28/70 gauge** is loaded with a bullet designed for big game hunting. Its accuracy in both smoothbore and rifled barrels allows it to be used with firearms compatible with this caliber, while its penetration meets the demands of this type of shooting. The 18g load retains the desirable qualities of a Brenneke bullet in the compact 28-gauge format.

A Brenneke slug cartridge in 28/70 caliber

The **Mary Arm Brenneke 18g 28/70 caliber bullet** allows the use of a single slug with a compatible shotgun. Its projectile offers the accuracy and penetration required for **big game hunting**, while also meeting the needs of hunters who prefer the 28 gauge.

A bullet usable in a smoothbore or rifled barrel

This **28-gauge slug cartridge** can be fired from a smoothbore or rifled barrel compatible with the 28/70 caliber. This versatility allows it to be used with different shotgun configurations, in

accordance with the manufacturer's recommendations.

Acquisition conditions and regulations

This ammunition falls under **category C 8°** . Its purchase is restricted to adults with valid identification and, at their option, a hunting license with its validation for the current or previous year, or a valid shooting, clay pigeon shooting, or biathlon license. The purchaser must also have an open SIA account. Carrying and transporting this ammunition without a legitimate reason is prohibited. Ammunition must be stored separately from firearms, under conditions that prevent unauthorized access.

FAQ

Is it necessary to present proof of ownership of the corresponding weapon?

No. For ammunition classified as category C 8°, presentation of the corresponding firearm declaration receipt is not required. Other required supporting documents remain mandatory.
