An anti-fatigue boot offering grip and comfort during prolonged walks.

The **Aigle Parcours 3.0 Endurance boot** combines an olive green rubber upper with a sculpted Acti'Grip outsole, designed to naturally shed mud, dirt, and pebbles. Its tri-density structure incorporates a progressively cushioned rubber insert, a stabilizing midsole, and 360° traction inspired by a chamois's hoof.

- **Stem:** rubber
- **Lining:** 100% polyester, suitable for temperate to cool climates
- Removable OrthoLite™ **insole** , made of polyester and polyurethane
- **Outsole:** Sculpted Acti'Grip rubber

- **Brand:** Eagle
- **Model:** Endurance 3.0 Course
- **Type:** rubber boot

- **Colour:** olive green
- **Construction:** tri-density sole with 360° grip
- **Cushioning:** Progressive cushioning rubber insert
- **Midsole:** stabilizing and anti-fatigue, with energy return with every step
- **Notching:** self-cleaning to facilitate the removal of mud, soil and pebbles
- **Foot protection:** puncture and abrasion resistant Kevlar™ reinforcement
- **Reinforcements:** rubber heel and toe
- **Shin protection:** recycled rubber

An olive green boot for difficult terrain

The **Aigle Parcours 3.0 Endurance boot in olive green** features an **Acti'Grip sole** with a rubber compound that enhances grip and durability. Its tread pattern provides 360° traction, especially on slippery surfaces and loose ground. The self-cleaning tread gradually sheds dirt, pebbles, and mud as you walk.

An anti-fatigue design for long walks

The tri-density sole combines a **progressive cushioning insert** , a stabilizing midsole, and a removable OrthoLite™ sockliner. This combination absorbs impact, returns energy with every step, and reduces fatigue during extended use.

Reinforcements for intensive daily use

The **Kevlar™** foot reinforcement resists punctures and abrasion. Rubber inserts also protect the heel, toe, and front of the shin. The polyester lining is suitable for temperate to cool conditions.

FAQ - Aigle Parcours 3.0 Endurance Boot

How do I clean Parcours 3.0 Endurance boots?

Clean them regularly with clear or slightly soapy water using a pH-neutral soap, then wipe them with a lint-free cloth.

How do you care for their rubber stem?

Apply Swipol a few times a year, or more regularly if used daily. A colorless polishing sponge can also be used to clean and shine the rubber.

How should these boots be stored after use?

After cleaning, store them upright, away from light and any source of heat.
