VC6841	Lenz Lithium Pack rcB 2000 USB-C - Batteries for heated clothing	Vente libre	329.00 € incl. tax

Two rechargeable batteries with USB-C station and Bluetooth heat control.

The **Lenz rcB 2000 batteries** attach via snap fasteners to Lenz heated socks, gloves, vests, jackets, and pants. They provide up to 22 hours of heating depending on usage conditions.

- **Manual control** - 3 heat levels on each battery
- **Remote control** - free Lenz Heat app for iOS and Android, via Bluetooth
- **Thermal protection** - charging is blocked outside the permitted temperature range

Contents of the box

- Two RCB 2000 batteries,
- a dual charging station,
- a USB-C to USB-A cable,
- two contact protectors,
- three pairs of colored elastic bands,
- a user manual.

Technical specifications

- **Power supply** - 2 rechargeable lithium batteries
- **Attachment** - snap buttons on compatible Lenz heated clothing
- **Maximum advertised heating time** - up to 22 hours depending on the selected level, ambient temperature and battery status
- **Dimensions** - 8.5 × 5.5 × 1.5 cm
- **Advertised weight** - 115 g

- **Charging station** - 2 slots, USB-C port, fast charging mode and storage mode
- **Cable included** - USB-C on the docking station side and USB-A on the power adapter side

Batteries for Lenz heated clothing

The rcB 2000 batteries power the socks, gloves, vests, jackets, and pants of the Lenz Body Heat system. They clip directly onto the garment's heating contacts, such as those of the Lenz Heat Stock 4.1 Toe Cap heated socks. When the batteries are under multiple layers of clothing, the app allows you to adjust the heat from your phone without accessing the buttons.

Recharging both batteries and storage mode

The included charging station recharges both batteries. With a 5V, 2A USB power adapter (sold separately), the stated charging time is 12 to 13 hours in standard mode and 7 to 8 hours in fast mode. Storage mode charges the batteries to half capacity before putting them into standby mode.

The rcB 2000 batteries can also be recharged with Lenz chargers for rcB 1200, rcB 1400, rcB 1800 and Heat Pack.
