Recreational shooting crossbow pistol.

Power 50 lbs.

Comes with 5 strokes.

The Man Kung MK-50A2/5PL pistol crossbow is the heavier version of the MK-50A1/5PL. In terms of dimensions, draw weight and velocity, this recurve crossbow is identical to this model. The main difference is that it has an aluminum barrel instead of a plastic barrel. This allows it to last longer. Its design is also slightly different: holes have been placed under the barrel, in which you can store the included bolts. The pistol grip is also more comfortable. Like the MK-50A1/5PL, this MK-50A2/5PL is equipped with a pull-back and safety catch, and its size makes it particularly suitable for use in confined spaces. It comes with 5 arrows.

The package includes: The body of the crossbow, the bow, 5 strokes, the rope, the rear tension bar. (No front caliper).
