AJ750	Lance stone Barnett Pro Diablo	Vente libre	70.00 € incl. tax

Double bend arms increase the power of Barnett's Pro Diablo slingshot while balancers maintain accuracy during the shot's start.
The forearm support rests your wrist and the rubberized sleeve sleeve is super comfortable.

The elasticity of the double bend arm adds to the elasticity of the rubber, significantly increasing the power of the slingshot with increased acceleration to the slack.

For an ideal trajectory, slingshots must be used with metal balls, glass balls or other projectiles of regular and aerodynamic shape.
