50ml

- Volume: 50ml.

Follow the following 3 steps:

- Degrease the weapon very carefully (for example with Robla cold degreaser).
- Apply KLEVER quick tan to the part to be browned (steel up to 3% chrome), using the dropper or brush, leaving it to act for approximately 3 minutes until a yellowish deposit forms.
- Rinse with clean water, dab dry with a soft cloth and spray with BALLISTOL or Gunex 2000.
- It's finish !

Expert advice!

To achieve a successful tan, follow all the steps carefully:

1 - Dismantling the weapon to isolate the parts to be tanned.

2 - Deep cleaning with steel wool and a degreasing product.

3 - Depending on the processes, application of a preparation product.

4 - Application of one or more layers of tanning products, following the instructions for use specific to each brand.

5 - Possible use of a "Finibronze" finishing product for a perfect result.

6 - Oiling and reassembly of the weapon.
