A perfect replica for recreational airsoft sessions.

Designed for players seeking a **compact** , **lightweight** , and **robust** pistol replica, this spring-powered version of the CZ75D impresses with its maneuverability. Its low power (0.4 J) makes it a good choice for young players or for short-range training.

Details faithful to the original

Based on the renowned **CZ 75D Compact** pistol, this replica retains its compact and ergonomic design. The rubberized grip provides excellent handling, and the reinforced magazine base facilitates operation. The tactical rail under the barrel allows for the addition of a **light** or **laser** for enhanced realism.

Polymer body and unique numbering

Made from **durable polymer** , this FPV (Full Polymer Version) maintains a good balance between lightness and strength. Each model is individually numbered, a detail appreciated by collectors and clubs.

Secondary characteristics

- **Type:** Manual spring replica
- **Hop-up system:** adjustable to improve range
- **Color:** black
- **Model: CZ 75** Compact
- **Standard charger:** ref. 15887

FAQ

Is this replica suitable for beginners?

Yes, with its moderate power and simple spring-driven operation, it is perfect for getting started in airsoft.

Can a lamp or laser be attached to it?

Yes, the tactical rail under the barrel allows for easy addition of a compatible accessory.

What type of marbles should I use?

The replica is compatible with 6mm plastic BBs, ideally 0.20g for better performance.
