The reliable solution for tilting weapons

The GECO SOFTPOINT in 7x65 R caliber is designed to meet the demands of traditional hunting. Its **lead-tipped bullet** combined with a **ballistic coefficient of 0.360** gives it a **consistent trajectory** and **reliable expansion** on medium-sized game.

Ideal for **action weapons** (express or drilling type), it guarantees **constant precision** without premature wear of the barrel, thanks to its GECO TS JACKET jacket. The combination of the **GECO CLASSIC TIP point** and the lead core ensures effective deformation on impact, even on slightly denser game.
