- **Relaxation:** Adjustable from 1 to 3 kg
- **Rail:** 21mm Weaver
- **Scope:** 3-9x40 (model depending on availability)
- **Mounting:** Medium 21 mm Weaver type
- **Body diameter:** 25.4 mm

This **complete package** from Mossberg is aimed at hunters who want a reliable rifle and versatile optics, delivered ready to use. The **Patriot Synthetic** , equipped with its **56 cm threaded fluted barrel** and a **durable stock** , is combined with a **3-9x40 scope** already mounted for immediate use.

A robust and versatile rifle

The **Mossberg Patriot** is a modern and functional **bolt-action rifle** . Its **56 cm free-floating barrel** guarantees precision and regularity of shots, while the **M14x1 thread** allows for the installation of a suppressor or a muzzle brake. With a **total length of 109 cm** , it maintains an ideal balance for

hunting in driven hunts or from a hide. You can adjust the starting weight of the rifle by separating the trigger block from the stock (to do this, remove the screws at the front and rear of the magazine well) and then turning the screw located on the trigger block.

Ready-to-use optics

The scope supplied is a **3-9x40** (model depending on availability), mounted on a **21mm Weaver rail** with medium collars. Thanks to its 25.4mm barrel diameter, it offers excellent versatility, ideal for hunting roe deer, wild boar or red deer.

Available in two essential calibers

This pack is available in **.243 Winchester** and **.308 Winchester** , two calibers perfectly suited to hunting in Europe. Whether you're a fan of stalking, stalking, or driven hunts, this configuration covers your needs.

*Choose the **Mossberg Patriot Synthetic Pack** with 3-9x40 scope and enjoy a ready-to-use package, combining American reliability and field efficiency.*
