A faithful imitation of the song thrush

The **Helen Baud AC24 Thrush Call** was designed to accurately reproduce the vocalizations of the **song thrush** . Its natural timbre generates realistic calls appreciated by users seeking a sound reproduction close to the songs observed in the wild.

Excellent acoustic quality

The design of this call promotes a clear and consistent sound. Its carefully chosen shape allows for a variety of tones and the reproduction of different types of vocalizations depending on the intensity of the breath and the technique used.

A robust body for long-lasting use

Combined with an aluminum ring, the material used in its construction offers good resistance to the stresses of regular use. This design allows the call to retain its acoustic qualities over time while withstanding the conditions encountered in the field.

Compact and easy to carry

Thanks to its compact size, this bird call fits easily into a pocket or vest. Its ergonomic design allows for comfortable and quick use when conditions are favorable for calling.

Helen Baud's expertise at the service of enthusiasts

Prized by many hunters and birdwatchers, **Helen Baud** bird calls are distinguished by their quality craftsmanship and realistic sound. The AC24 model continues this tradition, offering a reliable, durable, and high-performing tool.

FAQ

What bird does this bird call allow you to imitate?

This bird call is designed to reproduce the vocalizations of the song thrush.

Does the aluminum ring offer any advantage?

Yes, it contributes to the robustness of the call and its durability during regular use.
