**Tradition and modernity for this beautiful interpretation of the 1892 for hunting big game.**

A magnificent modernized version of the 1892. The stock is made of wood overmolded with shock-resistant 'soft touch' rubber.

Very nice stainless steel finish, take down mechanism allowing the rifle to be dismantled very simply and without tools into 2 parts:

1) unscrew the magazine tube => 2) open the trigger guard lever to 90° => 3) turn the barrel 1/4 turn

- Number of moves: 10+1

**Non-contractual photo: the item no longer has the rear rail but the same rail as the WE127 reference.**

- Caliber: 44 Magnum
- Overall length: 96 cm
- Weight: 3 kg
