The Power Feeder 12-20 meters is for small but also big game.

Designed for adjustable quantities and all types of grains, it will diffuse over a wide radius of 12 to 20m. It fits a container (not included) with a maximum capacity of 120L. The Power Feeder is powered by a 12V rechargeable battery (not included). It can be installed on many containers with its adjustable mounting brackets.

- Projection: 12 to 20 meters
- Dispensing time: 3 sec. (minimum) to 30 sec. (maximum)
- Number of distributions: 6 over a 24-hour cycle
- Maximum volume: 120 L container (not supplied).

Operating energy: 12 volts (batteries not supplied).

The Power Feeder retains the game on the territory and avoids damage to surrounding crops. Clinging to a tree branch, it is not likely to be trampled or overturned by an animal.

Programmable at specific times for different game this agrainoir is equipped with a digital clock coupled to the electric motor for 6 maximum flows in a 24-hour cycle.
