Simple, reliable and accurate M92 FS replica with fixed hop-up.

Spring replica of the **M92 FS** by **ASG** , **polymer** version with fixed Hop-up and 13-round magazine, ideal for initiation or precise and maintenance-free recreational shooting.

- **Caliber:** 6 mm BB
- **System:** Spring (manual)
- **Capacity:** 13 marbles
- **Power:** 0.41 joules (~210 FPS)
- **Hop-up:** Fixed
- **Materials:** Full polymer
- **Weight:** 400 g
- **Barrel length:** 100 mm

An affordable and accurate M92-type replica

The **ASG M92 FS Spring** faithfully reproduces the style of the famous **Beretta M92** in an ultra-simple spring-powered version. It stands out for its **lightness** , **full polymer construction** , and excellent **fixed hop-up** , which improves accuracy right out of the box.

Lightweight and durable structure

Made from **reinforced polymer** , this replica weighs only **400g** while remaining durable. It is ideal for **young players** or those looking for a **simple and easy-to-handle replica** .

Fixed hop-up for better range

The **integrated hop-up** allows for flatter shots with good consistency. Combined with a velocity of **210 FPS** (~64 m/s), this spring-powered M92 FS is particularly well-suited for **target shooting** or

indoor play .

13-round magazine and simple cocking

The standard magazine holds **13 BBs** and is easy to refill. Each shot requires manual cocking, but there's no gas or battery: a perfect format for **airsoft beginners** .

Secondary specifications

- **Firing mode:** Single shot / manual safety
- **Recommended beads:** 0.20 g to 0.25 g
- **Finish:** Matte black
- **Product line:** ASG Discovery Line

FAQ

Is this model suitable for beginners?

Yes, this spring replica is designed for beginners, easy to handle, and requires no complex maintenance.

Is it made of metal or plastic?

This model is made of **polymer** (engineering plastic) to offer greater lightness and maneuverability.

What is its effective range?

Thanks to its fixed hop-up and its power of 0.41 joules, it is effective up to about ten meters for recreational shooting.
