The Swiss quality reference oil!

- Spray directly onto surfaces or precisely with the supplied capillary tube.
- After shooting: dissolves lead, tombac, copper, nickel and powder residues.
- Forms an extra thin protective film after drying which does not harden.
- Neutral effect on lacquered surfaces, leather, wood, rubber, plastic and textiles
- Perfect for getting a weapon back into service after storage: dissolves grease as well as organic and mineral dirt.

- Maintenance oil for weapons and metal parts.
- In aerosol spray: ideal for intensive use: practical and fast.
- Direct spray on surfaces or precise with the capillary tube provided.
- Cleans, lubricates, greases and maintains all parts of mechanical weapons.
- After firing: dissolves lead, tombac, copper, nickel and powder residues.
- Fights moisture and effectively protects against rust and corrosion.
- Smoothes mechanical movements, especially weapon locks and semi-automatic mechanisms.
- Neutralizes fingerprints, prevents fingerprints from forming on the barrels.
- Forms an extra fine protective film after drying which does not harden.
- Neutral effect on lacquered surfaces, on leather, wood, rubber, plastic and textiles
- Perfect for restarting a weapon after storage: dissolves grease as well as organic and mineral dirt.
- Free from silicone, teflon and graphite.
- Contains only 3% motor agent (CO2) and is only flammable at 78 ° C.
