Specially developed for the conservation and maintenance of weapons in wet or maritime environments.
Ideal for hut hunters, sailors, overseas military ...

- In aerosol spray: ideal for intensive use: practical and fast.
- Direct spray on surfaces or precise with the capillary tube provided.
- Lubricates, greases and maintains all parts of mechanical weapons.
- Fights moisture and effectively protects against rust and corrosion.
- Designed for storing and transporting weapons in salty or humid maritime environments.
- Forms an extra fine protective film after drying that does not harden and can be removed with a simple wipe of the rag on the outside of the weapon and a swab in the barrel.

To associate with a Brunox turbo spray oil for the periods of use of the weapon.

- Free from silicones, Teflon (PTFE) and graphite.

The product that demanding weapons enthusiasts, hunters and the military have been waiting for !!!
