A faithful imitation of the skylark

The **Helen Baud Skylark Call** allows you to reproduce the vocalizations of this iconic bird of agricultural plains and open spaces. Its natural timbre allows for a convincing imitation, appreciated by enthusiasts of traditional hunting and birdwatching.

A bird call made using traditional craftsmanship

Made from **boxwood** , this bird call benefits from the renowned acoustic qualities of this dense and durable wood. Long used in the manufacture of bird calls, boxwood produces precise sounds while ensuring excellent longevity.

Compact and discreet in the field

Thanks to its particularly compact size, this bird call easily slips into a pocket or vest. Its light weight makes it easy to carry everywhere without being cumbersome, a valuable advantage during long days spent outdoors.

A quick learning curve

Its simple design makes it easy to use and allows for the rapid production of realistic vocalizations. A few tries are usually enough to master basic calls and fully exploit its potential in the field.

An accessory appreciated by lovers of tradition

Wooden game calls hold a special place in the world of hunting and nature observation. Their authenticity, warm sound, and careful craftsmanship appeal to users seeking durable and effective equipment.

FAQ
