An imitation that is particularly attractive to predators.

The **Helen Baud AC73 Fox and Rabbit Call** replicates the cry of a **rabbit in distress** , a vocalization known to pique the curiosity and interest of predators. This realistic imitation creates a believable situation in the field and attracts the attention of animals in the area.

A powerful sound thanks to the acrylic

Made from **PMMA acrylic** , this bird call boasts excellent sound resonance. This high-quality material produces clear, powerful, and consistent calls, while also offering very good resistance to humidity, temperature variations, and the stresses of outdoor use.

A robust and durable design

The aluminum ring reinforces the overall strength while providing a neat finish. This design allows the call to maintain its acoustic qualities over the seasons, even with intensive use in the field.

Compact and easy to carry

At only 11 cm long and weighing just 45 grams, the AC73 easily fits in a pocket, vest, or hunting bag. Its ergonomic shape ensures a comfortable grip and makes it easy to use, even in demanding conditions.

A decoy favored by predator hunters

Simple to use and particularly effective, this bird call allows you to vary your calling sequences for added realism. Its compact size and quality construction make it an ideal accessory for enthusiasts looking for reliable and high-performance equipment.
